

# WIRELESS CHARGER

## EXTEND PATRONS TIME IN VENUE

Extend the patron visitation times and provide the ultimate customer experience

## Overview

A wireless charger offers the convenience of wireless charging in a sleek and minimalist package, designed for commercial use. Exceed customer expectations with modern, convenient technology that looks good and is simple to use. Integrate wireless charging into next to gaming machines, at the bar, staff areas, or any other convenient location by embedding into a benchtop, desk or any flat surface.
